

PROUD TO BE A  
PART  
OF  
LIONS - QUEST  
SKILLS  
FOR  
ADOLESCENCE  
PROGRAMME

*Climate  
is to an  
organization  
what health  
is to an  
individual.*

### Lions Quest SFA- The school Climate Component

A Positive School Climate is vital in creating responsive, effective schools. School Climate – The school’s mood and atmosphere affects the way people treat one another, the appearance of the building, student discipline, the conversation in the teachers’ staff room and most importantly, whether students are happy and successful.

In the Lions Quest Skills for Adolescence programme, the school Climate component extends the positive impact of the programme from individual classrooms throughout the school.

Numbers of Positive outcomes have been documented as a result of a school Climate programmes. These include improvement in:

- Principal – Staff relationships
- Students Self – Concepts and academic achievement
- School Pride and morale
- Attendance

Studies have shown that the most important factor in successful schools is the “people” element –an atmosphere of mutual caring and support.

***When the Climate is right, there is a certain joy in coming to school,  
either to teach or to learn.***

### The specific Steps towards Positive Change in School Climate of BLCET schools under Lions Quest SFA Programme:

1. Involving the Principal of the School
2. Getting Other staff “ on the Team”
3. Establishing School Climate Team
4. Organizing the School Climate Team’s First Meeting
5. Developing School-Wide Behavior System

A MENTOR IS A WISE  
AND TRUSTED  
TEACHER WHO  
WANTS THE VERY  
BEST FOR HIS  
STUDENT.

Be a good  
mentor and see  
many following  
your  
footsteps...

## A brief Report towards Positive Change in School Climate:

- BHS O.N.G.C. Primary Section took the first initiative in taking interest in bringing the Positive change in School Climate; and could get other staff on the team.
- BHS ONGC Secondary Section showed keen interest in bringing the Positive Change in the School Climate; could reach up to organizing School Climate Team's First Meeting where the points were discussed in detail for developing School Wide Behaviour System.
- BHS Danteshwar English and Gujarati Medium have also shown keen interest and could get all the other staff of both the Mediums.
- BHS Bagikhana Primary and Secondary Section also showed keen interest in bringing positive change in School Climate. In both the Sections could get all the other staff on the team (Including K.G Section & Office Staff)

The School Climate component extends the positive impact of Lions Quest SFA programme from individual classrooms to throughout the school.
